## Chance

No need to gamble on **comfort** and **style** with the **fun**, fluid **design** of Chance - the multi-functional side chair at an **unlikely** price.

**Ideal** for guest seating, its **architectural** sensibility also places it **proudly** in waiting, meeting and collaborative environments. And, with an **exclusive** arm design as well as optional ganging device, Chance is more than **luck** of the draw, it's a hands down **winner**.

### 2530 (above left)

Versatile armless chair with Metallic Silver frame and glides.

### 2510 / 2515

Stack chairs feature signature Gunmetal Gray arm, pictured with glides and casters.

SEATING

## 2515 / 2535

Arm and armless models with Satin Black frame finish and casters.

## 2530

With arms or without, on glides or casters, all Chance chairs stack five-high on dolly or four-high from the floor.

Optional ganging device allows effortless connection capability between arm and armless units. When not in use, device folds underneath seat for concealment.
