Cinch® N45DDU Models, Black w/Upholstered Seats

Cinch® Seating

Here's a zippy little contoured seat that brings a perfectly laid-back vibe to any casual common area such as training, cafeteria/breakroom, auditorium, and small conference. During those extra long meetings, the upholstered seat option offers the comfort you desire. When mobility is required, specify Cinch with casters. These nifty little casters come with their own built-in safety feature. For a little extra elbow room, add optional arms. Or dress Cinch up with writing tablets and bookracks to support a multitude of training tasks. Time to rearrange the room? The dolly lets you taxi them in stacks. For ease of setup and takedown, Cinch lives up to its name.

Cinch® N45EE Models, Red

Equipped with optional oversized tablet arms and bookracks that add convenient under seat storage.

Plastic Seats

Contoured, injection molded polypropylene seat

Upholstered Seats

Black, upholstered padded seat provides additional comfort

Casters

Built-in safety feature requires weight to be placed in chair before casters will roll

Built-in Ganging

Chairs are equipped with device that gangs non-mobile armless models

Optional Ganging Bracket

Bracket gangs non-mobile arm, armless or tablet arm models

Stacking and Storage

Chairs neatly stack together or conveniently store out of site on our Transport Dolly when not in use
