Varia

Performance style.

Job performance depends on skill, experience and teamwork. It is also determined by work atmosphere. Varia® supports you and your staff in getting the job done—and does it with style. Furnishings that reflect your appreciation for craftsmanship and constancy. Not to mention the inherent beauty of natural hardwoods.

Dignified choice.

Draw your inspiration from the clean-lined elegance of Varia environments. Where traditional doesn't have to mean stuffy. Where you can enjoy the fine art of a meticulously crafted desk. A beautifully finished cabinet. A job well done.

At the same time, Varia offers a number of design choices—open-hinged door and flipper door fronts and radiused end components—that expand its versatility.
